Subject and Author Index to Volume 26

Abstracts, from American Society for Parenteral and Enteral Nutrition, 25th Congress of, S1 (July–Aug)
Acute lung injury (ALI), aspiration and, S2 (Nov.–Dec.)
Adults
  normal nutrition requirement practice guidelines for, 22SA (Jan.–Feb.), 144 (Errata), 256 (Letter), 257 (Letter reply)
  nutrition assessment practice guidelines for, 9SA (Jan.–Feb.)
  nutrition support practice guidelines for specific diseases of, 61SA (Jan.–Feb.)
Aerodigestive system, aspiration and physiology of, S9 (Nov.–Dec.)
Aging
  nutrition support practice guidelines for, 51SA (Jan.–Feb.)
  prebiotics and immune response to vaccination and, 372
Aluminum, in parenteral nutrition, 382
Amino acid
  peripheral metabolism in burns and, 271
  TPN for surgical patients and, 136
Anemia, iron deficiency, home TPN and, 114
Antibiotic lock
  for infection treatment with central catheter for PN, 104
  with teicoplanin in staphylococcus epidermis catheter-related sepsis, 109
Aspiration
  in critically ill patients, North American Summit Consensus Statement on, S80 (Nov.–Dec.)
  enteral nutrition and bedside monitors of, S34 (Nov.–Dec.)
  gastric residual volumes in EN and, S43 (Nov.–Dec.)
  ICU treatment of, S69 (Nov.–Dec.)
  illnesses related to, S2 (Nov.–Dec.)
  physiology and, S9 (Nov.–Dec.)
  risk factors for, S26 (Nov.–Dec.)
Aspiration pneumonia, S19 (Nov.–Dec.)
  future research considerations for, S75 (Nov.–Dec.)
  ICU treatment of, S69 (Nov.–Dec.)
  risk reduction in critically ill patients, S58 (Nov.–Dec.)

Bedside monitors, of aspiration in enteral nutrition, S34 (Nov.–Dec.)
Bioelectrical impedance spectroscopy
  accuracy of, 120
  measurement errors using, 128
Body cell mass, oxandrolone in HIV infection and repletion of, 357
Body composition
  bioelectrical impedance spectroscopy measurements of, 120, 128
  HPN in cachetic patients and changes in, 366
Body heat, 319
Body weight, energy expenditure in hospitalized patients and, 231
Bombesin, mucosal immunity, addressin cell adhesion molecule-1 expression and, 265
Bone disease, metabolic
  in neonates, nutrition support practice guidelines for, 109SA (Jan.–Feb.)
  parenteral nutrition and, S37 (Sept.–Oct.)
Bone marrow transplantation, nutrition support practice guidelines for children with cancer and, 124SA (Jan.–Feb.)
Bronchitis, aspiration and, S2 (Nov.–Dec.)
Bronchopulmonary dysplasia, nutrition support practice guidelines for children with, 118SA (Jan.–Feb.)
Burns
  nutrition support practice guidelines for, 88SA (Jan.–Feb.)
  peripheral amino acid metabolism and, 271
  resting energy expenditure and, 17

Cachexia
  eicosapentaenoic acid and reduction in, 291
  HPN and body composition changes in, 366
Caloric intake, nutrition support and, 182
Cancer
  eicosapentaenoic acid and inhibition of, 291
  nutrition support for, S63 (Sept.–Oct.)
  nutrition support practice guidelines for, 82SA (Jan.–Feb.)
  nutrition support practice guidelines for children with, 124SA (Jan.–Feb.)
  ω-3 fatty acids and, 285
Carbohydrates, normal pediatric requirements for, 28SA (Jan.–Feb.)
Cardiac disease, nutrition support practice guidelines for, 61SA (Jan.–Feb.)
Cardiomyopathy, selenium deficiency and, 63
Catheterization
  central venous, complications in HPN and, S21 (Sept.–Oct.)
  vascular access for HPN, S17 (Sept.–Oct.)
Central nervous system disorders, nutrition support practice guidelines for children with, 122SA (Jan.–Feb.), 144 (Errata)
Certification, in nutrition support pharmacy, 239
Children
  enteral nutrition support practice guidelines for, 97SA (Jan.–Feb.)
  with neuromuscular diseases, gastrostomy feeding and, 298
  normal nutrition requirement practice guidelines for, 22SA (Jan.–Feb.)
  nutrition assessment practice guidelines for, 13SA (Jan.–Feb.)
  nutrition support practice guidelines for, 48SA (Jan.–Feb.)
  nutrition support practice guidelines for necrotizing enterocolitis in, 111SA (Jan.–Feb.)
  PN support practice guidelines for, 100SA (Jan.–Feb.)
  transpyloric feeding during weaning from mechanical ventilation in, 209
Cholestasis, in neonates, nutrition support practice guidelines for PN-associated, 107SA (Jan.–Feb.)
Choline, long-term TPN and, 57
Clinical decision-making, evidence-based medicine and, 15
Clinical practice
  HPN and, S72 (Sept.–Oct.)
  PN guideline effectiveness in pediatric teaching hospital, 377
Clinical trials
  dietary supplements for asymptomatic HIV-infected persons, 6, 256 (Letter)
  early *versus* late enteral feeding of mechanically ventilated patients, 174
  EN in Crohn's disease, 98
  fatty acid-based lipid infusion and atopic dermatitis, 151
Consciousness, aspiration risk factors and, S26 (Nov.–Dec.)
Critically ill patients
  aspiration pneumonia risk reduction in, S58 (Nov.–Dec.)
  aspiration risk factors for, S26 (Nov.–Dec.)
  with burns, nutrition support practice guidelines for, 88SA (Jan.–Feb.)
  enteral nutrition readiness in, S62 (Nov.–Dec.)
  glutamine supplementation and muscle protein kinetics in, 342
  immunonutrition in, 67 (Letter), 69 (Letter reply)
  intensive insulin therapy in, 317
  mineral loss during continuous renal replacement therapy for, 77
  North American Summit Consensus Statement on aspiration in, S80 (Nov.–Dec.)
  nutrition support practice guidelines for, 90SA (Jan.–Feb.)
  pediatric, nutrition support practice guidelines for, 126SA (Jan.–Feb.)
  small bowel feeding and, S51 (Nov.–Dec.)
Crohn's disease, enteral nutrition and, 98
Cyclosporine A, hepatic denervation and, 42
Cystic fibrosis, nutrition support practice guidelines for children with, 128SA (Jan.–Feb.)
Cytokines, ω-3 fatty acids in pancreatitis and, 351

Dermatitis, atopic, fatty acid-based lipid infusion and, 151
Diabetes mellitus
  nutrition support practice guidelines for, 54SA (Jan.–Feb.)
  nutrition support practice guidelines for children with, 135SA (Jan.–Feb.)
Diarrhea, infantile, nutrition support practice guidelines for, 117SA (Jan.–Feb.)
Dietary fats, tumor growth and, 290
Dietary supplements, for asymptomatic HIV-infected persons, 6, 256 (Letter)
Diethylhexyl-phthalate extraction from PVC infusion lines, 305
Drug–nutrient interactions, practice guidelines on, 42SA (Jan.–Feb.)

Eating disorders
  nutrition support practice guidelines for, 94SA (Jan.–Feb.)
  nutrition support practice guidelines for children with, 133SA (Jan.–Feb.)
Eicosapentaenoic acid
  tumor growth and, 285
  tumor growth inhibition, cachexia reduction and, 291
Electrolytes, normal pediatric requirements for, 26SA (Jan.–Feb.)
Energy expenditure
  normal pediatric nutrition requirements and, 25SA (Jan.–Feb.)
  resting metabolic rate and, 319
  of resting thermally-injured patients, 17
  stress and body weight adjustments for hospitalized patients and, 231
  upper extremity posture and, 278
Enteral nutrition (EN). *See also* Home enteral nutrition
  aspiration pneumonia research projections and, S75 (Nov.–Dec.)
  bedside aspiration monitors and, S34 (Nov.–Dec.)
  critically ill patients' readiness for, S62 (Nov.–Dec.)
  Crohn's disease and, 98
  early administration of, 230
  early *versus* late in mechanically ventilated patients, 174
  gastric residual volumes for monitoring, S43 (Nov.–Dec.)
  guidelines for, 1SA (Jan.–Feb.)
  hypoxia, enterocyte function and, 71

pancreatic function and elemental *versus* immune-enhancing polymeric jejunal, 205
patient's preferences and, 248
practice guidelines for, 18SA (Jan.–Feb.)
practice guidelines on access for administration of, 33SA (Jan.–Feb.)
small bowel feeding in critically ill patients and, S51 (Nov.–Dec.)
Enterocytes, hypoxia, enteral nutrition and, 71
Epithelial structure, keratinocyte growth factor, TPN and recovery of, 333
Ethics, nutrition support practice guidelines and, 56SA (Jan.–Feb.)
Evidence-based medicine, 1
clinical decision-making and, 15
Extracellular signal-regulated kinase, murine peritonitis, diet restriction and, 259
Extracorporeal membrane oxygenation, nutrition support practice guidelines for children with, 119SA (Jan.–Feb.)

Fatty acids
long-chain, plasma phospholipid fatty acids and, 30
medium- and long- chain, plasma phospholipid fatty acids and, 30
short-chain
in premature neonates, 51
TPN, intestinal gene expression and, 145
unsaturated, tumor growth and, 290
ω-3
anti-inflammatory cytokines in pancreatitis and, 351
tumor growth and, 285
Fluid, normal pediatric requirements for, 26SA (Jan.–Feb.)
Folate, long-term TPN and, 57
Food, formulated, manufacturing and aluminum contamination of, 382

Gallbladder, motility during TPN in dogs in, 198
Gastric mucosa
addressin cell adhesion molecule-1 expression and immunity of, 265
ischemia-reperfusion, intraluminal nutrients and blood flow in, 226
Gastric residual volumes, as clinical monitor in enteral nutrition, S43 (Nov.–Dec.)
Gastrointestinal fistulae, nutrition support practice guidelines for, 76SA (Jan.–Feb.)
Gastrointestinal motility
aspiration and, S9 (Nov.–Dec.)
during TPN in dogs, 198
Gastrointestinal pseudo-obstruction, nutrition support practice guidelines for children with, 117SA (Jan.–Feb.)
Gastrostomy feeding, in pediatric neuromuscular diseases, 298
Glucose, peripheral metabolism in burns and, 271
Glutamine
mucosal immunity, addressin cell adhesion molecule-1 expression and, 265
muscle protein kinetics in critically ill patients and, 342
post ischemia-reperfusion TPN with, 169
Glycine, intestinal ischemia-reperfusion injury and, 130

Health personnel, home EN and, S8 (Sept.–Oct.)
Hematopoietic cell transplantation, nutrition support practice guidelines for, 83SA (Jan.–Feb.)
HIV/AIDS
asymptomatic, dietary supplements for, 6, 256 (Letter)
body cell mass repletion with oxandrolone in, 357
nutrition support practice guidelines for, 85SA (Jan.–Feb.)
Home enteral nutrition (home EN), S4 (Sept.–Oct.)
impact on patient lifestyle and, 164
malnutrition and, S29 (Sept.–Oct.)
managed care organizations and, S10 (Sept.–Oct.)
provider's perspective on, S8 (Sept.–Oct.)
for short bowel syndrome, S11 (Sept.–Oct.)
Home parenteral nutrition (HPN)
in cachetic patients, body composition changes and, 366
cardiomyopathy and selenium deficiency with, 63
central venous catheter complications and, S21 (Sept.–Oct.)
clinical science agenda and, S72 (Sept.–Oct.)
cyclic, sleep patterns in, 214
demographics of, S60 (Sept.–Oct.)
iron deficiency anemia and, 114
malnutrition and, S29 (Sept.–Oct.)
nutrition support practice guidelines for children with, 137SA (Jan.–Feb.)
patient affiliation with national support and education organization and, 159
patient lifestyle and, 164
quality of life and longevity on, S55 (Sept.–Oct.)
vascular access for, S17 (Sept.–Oct.)
Homocysteine, oropharyngeal dysphagia and blood levels of, 94
Hospitals, pediatric teaching, PN clinical practice guideline effectiveness in, 377
Hyperemesis gravidarum, nutrition support practice guidelines for, 93SA (Jan.–Feb.)
Hyperglycemia, in neonates, nutrition support practice guidelines for, 105SA (Jan.–Feb.)
Hypertriglyceridemia, in neonates, nutrition support practice guidelines for, 106SA (Jan.–Feb.)
Hypoglycemia, in neonates, nutrition support practice guidelines for, 105SA (Jan.–Feb.)
Hypoxia, enterocyte function with enteral nutrition and, 71

Immune response, prebiotics, vaccination in elderly and, 372
Immunity, mucosal, addressin cell adhesion molecule-1 expression and, 265
Immunosuppression, hepatic denervation and, 42
Infants
newborn
enteral nutrition support practice guidelines for, 102SA (Jan.–Feb.)
nutrition support practice guidelines for hepatobiliary complications of, 107SA (Jan.–Feb.)
nutrition support practice guidelines for hyperglycemia or hypoglycemia of, 105SA (Jan.–Feb.)
nutrition support practice guidelines for hypertriglyceridemia of, 106SA (Jan.–Feb.)
nutrition support practice guidelines for intractable diarrhea of, 117SA (Jan.–Feb.)
nutrition support practice guidelines for metabolic bone disease of, 109SA (Jan.–Feb.)
PN support practice guidelines for, 104SA (Jan.–Feb.)
preterm
fecal short-chain fatty acids and, 51
nutrition support practice guidelines for, 46SA (Jan.–Feb.)
Infection
antibiotic lock with teicoplanin in staphylococcus epidermis catheter-related, 109
at central catheter for PN in children, antibiotic lock for treatment of, 104
Inflammatory bowel disease
nutrition support practice guidelines for, 73SA (Jan.–Feb.)
nutrition support practice guidelines for children with, 115SA (Jan.–Feb.)
Insulin
for critically ill patients, 317
peripheral metabolism in burns and, 271
Intensive care unit (ICU)
aspiration treatment in, S69 (Nov.–Dec.)
critically ill patients' readiness for EN, S62 (Nov.–Dec.)
Intestinal adaptation, research on, 251
Intestinal transplantation, S49 (Sept.–Oct.)
Intestine
short-chain fatty acids, TPN, and gene expression in, 145
small, glycine, ischemia-reperfusion injury and, 130
Iron, HPN and, 114
Ischemia-reperfusion
intestinal, glycine effects on, 130
intraluminal nutrients and mucosal blood flow during, 226
TPN with glutamine supplementation after, 169

Jejunal feeding, pancreatic function and, 205

Keratinocyte growth factor, epithelial structure recovery in murine TPN and, 333
Kidney disease, nutrition support practice guidelines for, 78SA (Jan.–Feb.)

Lifestyle factors, long-term home parenteral and enteral nutrition and, 164
Lipid emulsions
atopic dermatitis and n-3 *versus* n-6 fatty acid-based, 151
LCT *versus* MCT/LCT, 30
normal pediatric requirements for, 29SA (Jan.–Feb.)
Liver cirrhosis, nutritional assessment in, 184
Liver diseases
mineral loss during continuous renal replacement therapy for, 77
nutrition support practice guidelines for, 65SA (Jan.–Feb.)
nutrition support practice guidelines for children with, 113SA (Jan.–Feb.)
TPN and, S43 (Sept.–Oct.)
Liver failure, nutrition support practice guidelines for children with, 120SA (Jan.–Feb.)
Liver transplantation, glucose uptake and, 42
Longevity, HPN and, S55 (Sept.–Oct.)
Long-term care, homocysteine blood levels with oropharyngeal dysphagia and, 94

Malnutrition
in cancer patients, S63 (Sept.–Oct.)
ERK activation of peritoneal exudative cells and, 259
home enteral or parenteral nutrition and, S29 (Sept.–Oct.)
Managed care, home EN and, S10 (Sept.–Oct.)
Medicare
home EN and, S4 (Sept.–Oct.), S8 (Sept.–Oct.)
HPN and, S60 (Sept.–Oct.)

Meta-analysis, immunonutrition for critically ill patients, 67 (Letter), 69 (Letter reply)
Metabolism
  inborn errors of, nutrition support practice guidelines for children with, 129SA (Jan.–Feb.)
  nutrition research and, 389 (Editorial)
Micronutrients, normal pediatric requirements for, 30SA (Jan.–Feb.)
Minerals, continuous renal replacement therapy and loss of, 77
Muscle protein, glutamine supplementation in critically ill patients and, 342

Necrotizing enterocolitis, nutrition support practice guidelines for children with, 111SA (Jan.–Feb.)
Neoplasms. *See* Cancer
Neurologic impairment, nutrition support practice guidelines for, 80SA (Jan.–Feb.)
Neuromuscular diseases, gastrostomy feeding for children with, 298
North American Summit Consensus Statement on aspiration in critically ill patients, S80 (Nov.–Dec.)
Nutrition
  care process for, 7SA (Jan.–Feb.)
  immune-modulating for critically ill patients, 67 (Letter), 69 (Leter reply)
  normal adult requirement practice guidelines, 22SA (Jan.–Feb.), 144 (Errata), 256 (Letter), 257 (Letter reply)
  normal pediatric requirement practice guidelines, 22SA (Jan.–Feb.)
  in premature neonates, 51
Nutrition assessment
  adult practice guidelines, 9SA (Jan.–Feb.)
  in liver cirrhosis, 184
  pediatric practice guidelines, 13SA (Jan.–Feb.)
Nutrition studies, evidence-based medicine and, 15
Nutrition support
  caloric intake for, 182
  in cancer patients, S63 (Sept.–Oct.)
  early EN for, 230
  home EN, S4 (Sept.–Oct.)
  practice guidelines on access for administration, 33SA (Jan.–Feb.)
  practice guidelines on specialized, 18SA (Jan.–Feb.)
  safety of, 219
  science of, 389 (Editorial)
  weaning from mechanical ventilation in children and, 209
Nutrition support pharmacy, board certification for, 239

Obesity
  nutrition support practice guidelines for, 52SA (Jan.–Feb.)
  nutrition support practice guidelines for pediatric, 136SA (Jan.–Feb.)
Organ transplantation, solid
  nutrition support practice guidelines for, 74SA (Jan.–Feb.)
  nutrition support practice guidelines for children and, 131SA (Jan.–Feb.)
Oropharyngeal dysphagia, homocysteine blood levels and, 94
Outcome assessment, HPN, patient affiliation with national support and education organization and, 159
Oxandrolone, body cell mass repletion in HIV infection with, 357
Oxidative stress, trauma patients and, 189

Pancreas, jejunal feeding and, 205
Pancreatitis
  nutrition support practice guidelines for, 68SA (Jan.–Feb.)
  ω-3 fatty acids and anti-inflammatory cytokines in, 351
Parenteral nutrition (PN). *See also* Home parenteral nutrition
  in children, antibiotic lock for infection treatment in, 104
  clinical practice guideline effectiveness, 377
  guidelines for, 1SA (Jan.–Feb.)
  manufacturing and aluminum contamination in, 382
  metabolic bone disease and, S37 (Sept.–Oct.)
  patient's preferences and, 248
  practice guidelines for, 18SA (Jan.–Feb.)
  practice guidelines on access for administration of, 36SA (Jan.–Feb.)
  vitamins and trace elements for, S34 (Sept.–Oct.)
Patient preferences, enteral *versus* parenteral nutrition and, 248
Peritonitis, malnutrition and ERK activation of peritoneal exudative cells in murine model of, 259
Pharmacies, nutrition support, board certification for, 239
Pneumonia, aspiration, S2 (Nov.–Dec.), S19 (Nov.–Dec.)
  critically ill patients and risk reduction of, S58 (Nov.–Dec.)
  future research considerations for, S75 (Nov.–Dec.)
  ICU treatment of, S69 (Nov.–Dec.)
Polyvinylchloride infusion lines, diethylhexyl-phthalate extraction from, 305
Posture, energy expenditure and upper extremity, 278
Prebiotics, immune response to vaccination in elderly and, 372
Prednisone, hepatic denervation and, 42
Pregnancy
  nutrition support practice guidelines for, 45SA (Jan.–Feb.)
  nutrition support practice guidelines for hyperemesis gravidarum with, 93SA (Jan.–Feb.)
Presidential Address
  Crossing the Quality Chasm, 219
  Requirements for Providing Optimal Nutrition Care, 1
Professional practice, of nutritional biochemists, 1
Protein, normal pediatric requirements for, 27SA (Jan.–Feb.)
Psychiatric disorders, nutrition support practice guidelines for eating disorders and, 94SA (Jan.–Feb.)
Pulmonary disease
  nutrition support practice guidelines for, 63SA (Jan.–Feb.)
  nutrition support practice guidelines for children with, 118SA (Jan.–Feb.)

Quality of life
  home parenteral nutrition and, S55 (Sept.–Oct.)
  nutrition support practice guidelines for, 58SA (Jan.–Feb.)

Reactive oxygen species
  in trauma patients, 189
  tumor killing and, 290
Research
  on aspiration pneumonia in future, S75 (Nov.–Dec.)
  on intestinal adaptation, 251
  nutrition and, 389 (Editorial)
Respiratory distress syndrome, acute, aspiration and, S2 (Nov.–Dec.)
Resting metabolic rate (RMR), 319

Safety, nutrition support and, 219
Selenium, cardiomyopathy and, 63
Short bowel syndrome
  home EN for, S11 (Sept.–Oct.)
  intestinal adaptation research and, 251
  nutrition support practice guidelines for, 70SA (Jan.–Feb.)
  nutrition support practice guidelines for children with, 111SA (Jan.–Feb.)
Sleep, cyclic HPN and, 214
Small bowel feeding, critically ill patients and, S51 (Nov.–Dec.)
Statistics, HPN, S60 (Sept.–Oct.)
Stress, energy expenditure in hospitalized patients and, 231
Support and education organizations, HPN and patient affiliation with, 159
Surgery
  amino acid manipulation of TPN and, 136
  perioperative nutrition support practice guidelines for, 95SA (Jan.–Feb.)
Swallowing disorders, aspiration pneumonia and, S19 (Nov.–Dec.)

Teicoplanin, for staphylococcus epidermis catheter-related sepsis, antibiotic lock with, 109
Thermal injury, resting energy expenditure and, 17
Total parenteral nutrition (TPN)
  bag material characteristics and, 310
  choline and vitamin B_{12} deficiencies in, 57
  diethylhexyl-phthalate extraction from PVC infusion lines and, 305
  in dogs, motility during, 198
  failure of, intestinal transplantation and, S49 (Sept.–Oct.)
  glutamine supplementation after ischemia-reperfusion, 169
  keratinocyte growth factor and epithelial structure recovery, 333
  liver disease and, S43 (Sept.–Oct.)
  short-chain fatty acids, intestinal gene expression and, 145
  for surgical patients, amino acid manipulation and, 136
Trace elements
  normal pediatric requirements for, 31SA (Jan.–Feb.)
  parenteral, guidelines for, S34 (Sept.–Oct.)
Trauma. *See also* Critically ill patients
  oxidative stress in, 189

Vaccination, prebiotics and immune response in elderly patients to, 372
Vars, Harry Morton, 1
Vascular access, for HPN, S17 (Sept.–Oct.)
Ventilation, mechanical
  caloric intake for nutrition support during, 182
  early *versus* late enteral feeding of, 174
  transpyloric feeding in children during weaning from, 209
Vitamin A, nutritional assessment in liver cirrhosis, 184
Vitamin B_1, TPN bags and degradation of, 310
Vitamin B_{12}, long-term TPN and, 57
Vitamin C, TPN bags and degradation of, 310
Vitamins, guidelines for parenteral, S34 (Sept.–Oct.)

Weight loss
  in cancer patients, S63 (Sept.–Oct.)
  severe, bioelectrical impedance spectroscopy measurements and, 120
